Sir,

Subject:- Extending the present boundary of the Hiriyur Minor municipality.

In forwarding herewith in original correspondence ending with report No C 53/36-37 dated 22nd January 1937 received from the President, Hiriyur minor Municipal Council, on the above subject, I have the honor to state that the present boundary of the municipality was fixed (and sanctioned by Government) as far back as 1917 The Municipal Council have now found the necessity for extending its boundary in view of the fact that the town is growing gradually and that several rice and cotton mills have been established in addition to the formation of an extension outside the present limits of the municipality It is also seen that by not extending the present limits, many carts and dutiable articles which are subjected to the payment of toll and octroi are likely to escape the levy with the result that the revenue of the municipality would be affected To augment its resources, the municipal council has resolved at its meeting held on 31st December 1936 to extend its present limits A sketch showing the existing limits and the proposed extension of the boundary is enclosed herein for kind reference

I agree with the views of the municipal council and recommend that in the circumstances explained by the President sanction of Government may kindly be obtained to the proposal the municipal Council under section 4(1) of the Minor Municipali-

cl-s

Municipalities Regulation 1933.

I have the honor to be,

S I R,

Your most obedient servant,

Deputy Commissioner,
